Product Features

Aiptek Car Camcorder X3 makes driving safer. X3 continuously records the action on the street. If external memory card is getting full, the video is recycled automatically without any data loss between the clips. In case of emergency the embedded G- sensor automatically detects the accident and save the action on internal memory. The 120° wide angle lens records the full action on the road in best quality. Use X3 for your security and rebut false statement in case of accidents.
